Message from the President

Dear Friends,

Greeting

We have just organized our annual conference UAUCON 2020, Orchha. I whole heartedly congratulate our previous president Dr. Anil Jain, Dr. Sameer Trivedi & whole council members for doing very hard work and making it a great academic show with very enthusiastic & vibrant participation by our members. I hope all those who have visited Orchha might have enjoyed the calm and beautiful atmosphere and scenic landscapes with a historical legacy.

New council has come to take the responsibility of our organization in time of great changes both within our society & outside. Our Uttarakhand friends are going to make their own society and started the process. Some constitutional amendments are bound to take place once official announcement is done by them and information given to us.

All urologists working in various institutions and in private are not our member. I request all our members to actively encourage making them member of the society to strengthen it.

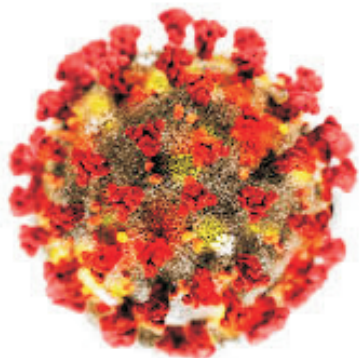

A pandemic of corona virus has affected almost whole of world. All academic conferences and gatherings are advised to be postponed. We also had to postpone the workshop in Lucknow to be organized by Dr. Sashikant Mishra & team. I request all of you not only to keep you & your family members safe but also keep on educating people about proper safety measures to be taken to avoid infection and remain away from the misinformation and wonder drugs propagated by social media.

Wishing you all the best

Long live UAU

Yours sincerely

Dr A K Sanwal
President, UAU

Message from the Secretary

Dear Members

Trust that you and your family are safe and healthy in these dooming times of the pandemic COVID-19.

As medical professionals we are the most vulnerable, but we have to manage and overcome this situation. Our utmost priority is the health and well-being of our entire community, and our service towards our patients. Please ensure the necessary precautions for the safety and health of everyone involved.

The Society membership which stands at over 200 and is made up of practitioners of urology is testimony to the Society's role as an organization that is representative of urologists in our state. To this end, we have endeavored to introduce new activities and utilized newer technology and tools to enhance the interaction between the membership and the leadership. I urge all those urologists who are still not members to join UAU. The society hopes to initiate electronic voting for elections to the Executive Committee from next year. The program is ready for testing but the maior impediment to the implementation of e-voting remains the lack of updated data of our membership. It is also important to update your contact details as and when they happen so that emails from the Society do not bounce and you are kept informed of the latest developments in the Society. I want to remind all members (who have not yet done so) to obtain their Username and Password to access their personal details on the UAU website www.uauonline.in database. This assumes added urgency as the Newsletter is published and sent to only those members whose email addresses are available with us.

Last but not the least, I wish to thank the members of the Society for unanimously giving me the opportunity to serve as the Secretary of the Society for the next 2 years. I assure you I shall leave no stone unturned to take the society to greater heights. I also want to take this opportunity to thank all the members of the Society for cooperating with me in my efforts to enhance the working at my office as a treasurer in the past 4 years. I am especially grateful to all the members of the Executive Committee for their assistance and support.

Our office is functional and will be working continuously to serve our members. Members can also write to me on vijaybora@gmail.com or call me on 9837008839 for any matters.

Thank you and God bless our Society.

Long live UAU.

With best regards

Dr Vijay Bora
Hon Secretary UAU
