President's Message

Respected seniors and friends,

Greetings from UAU !!! It has been a great month as we saw several members participating in the American Urological Association meet at San Diego. The AUA meet is one of the largest educational meet in our speciality and our members have participated with great enthusiasm and zeal. We would request them to share their experience and knowledge for all of us who could not make up to attend it.

Another international meeting of Endourological Society is scheduled at Cape Town S. Africa, in the month of November for which we approached the organizers to slash down registration charges for Indian delegates on demand of UAU members. It is for the first time that on request of UAU the organizers have proposed a nearly 50% discount provided we can ensure a participation of around 75 delegates from India. But, this discount shall be forwarded only if I get confirmation from members before the last date of early bird registration ie; 15th June when they will inform me how to register on line .Please make haste and confirm me by mail immediately.

This year we have proposed to start PG Quiz in a different way. It will be organized as first round in the local Institute level where all postgraduates may take part unlike the select few who participated only when they were able to attend annual meet. The first three PGs will take part in the Master Quiz at our Annual meet and the winner will be offered to visit any of the Institute of his choice for one week at the cost of UAU as an observer to learn better skills and update his knowledge.

We intend to start our Centres of Excellence, this year and after discussions with senior members tried to formulate guidelines for both Centres and candidates. We have tried to be liberal in formulating them but invite suggestions for the lapses and amendments so that the final guidelines can be published and implemented from July 2016. However, the invitation is still open for Centres to apply so that immediate approval can be given.

I request all members to kindly inform the UAU office about the academic activities and achievements at their end so that it can be published and known to all. Our dynamic Secretary will certainly help from UAU level in accomplishing the members to provide help in organizing Camps, workshops, Public Lectures on various events like Prostate month, Incontinence week etc;

We are thankful for our previous office bearers who have worked hard in enrolling members and giving sound footage to our society. But, the membership drive is still not keeping pace & I request all nodal officers & council members to work hard in this area.

"Team work is the ability to work together towards a common vision. The ability to direct individual accomplishments towards organizational objectives. It is the fuel that allows common people to attain uncommon results."

Andrew Carnegia

We invite all members to hold good workshop in their areas so that a continuous educational process is transferred to all. Our goal is to keep abreast with latest advancement and pass it to the common men at an affordable price.

Jai Hind!!

Dr. Vinod Kr. Mishra, President UAU
M.B.B.S., M.S.(Surgery), M.Ch.(Urology)
F.I.M.S.A, F.I.C.S.
Kanpur Urology Center, Mobile: 09839068697

Hon. Secretary's Message

Welcome to the second Newsletter of this session. It has been a hot weather but hopefully the prediction of good Monsoon would come true. Membership drive is on the go and 4 new members have been enrolled in our organization from Bareilly. I hope that a city chapter is organized in each city and new members are enrolled to give a good strength to our organization.

Efforts are on to organize midterm CMC workshops in this year and as soon as they are finalized, registration would be called upon. I invite proposals from members who are willing to organize academic sessions.

Our President, Dr. VK Mishra is pursuing the guidelines for centre of excellence in our State. I request members to give their valuable opinion & suggestions on the email of Dr. V K Mishra.

I request all members to documents their work and present unique unusual cases or points of techniques in the form of shorts videos or papers at our regular meets. Our whatsapp group is active in this regard to discuss relevant points and have opinion of all on common topics which are faced by everyone. This type of discussion also promotes 'lateral thinking' approach. We are now available on Twitter also.

The distribution of 'E' membership certificates of UAU has started and hopefully everybody would be receiving it soon. I request all members to update their email & mobile numbers in association records.

Intrainstitutional Quiz competition is being planned, the format of which has been discussed with the Heads of SGPGI, KGMU & BHU. The winners of these intrainstitutional competitions get to compete at our annual conference. Hopefully we can start the competition this year.

Once again I wish all my colleagues a safe practice and seek active participation in our programmes. As Steve Jobs is known to have made a comment to the effect that we have the best talent not to tell them

what to do but for them to tell us what to do. So be it for our organization and our members are the best talent. Let the members tell us what to do.

Dr Neeraj K Agrawal

Hon. Secretary UAU

M.S. M.Ch (Urology), MBA (Healthcare Services)

Important Notification

This year the UAU Council proposed and passed a resolution in regards to the training of Consultants and full members for specialized procedures and requested our members to volunteer for it. There is a need for getting our paramedical staff also to be updated in this regards.

We request you to kindly suggest some guidelines so that the task is completed and we select centres immediately so that more members are benefited.

We also request you to volunteer to train and teach more of our colleagues so that the technique is propagated and practiced by all for the betterment of patients.

Applications are invited from members of UAU for conduct of CMEs & Workshops under the aegis of UAU. For details please contact: **Dr. V. K. Mishra** at mishravk2k@hotmail.com or 9839068697

UAUCON 2017

UAUCON 2017, Bareilly - 25th & 26th March 2017

Proposed Guidelines for establishing the Centre of Excellence

Guidelines for Centre:

1. The Centre should be high volume performing at least 10 surgeries in a week.
2. It should be well equipped with good audio visual system and recording facility.
3. A trainer/simulator is mandatory especially for laparoscopy and other high tec surgeries.
4. The course duration should be for a maximum of 7 days and the number of participants should not exceed four at a time.
5. The Centre shall submit the curriculum of course to the UAU office and a copy of the same to the candidates. The course should include details of anatomy, physiology instrumentation working & update of the procedure so that at the end of course the candidate can take independent decisions to manage and operate the patient.
6. There should be proper arrangements for the attendees stay and other hospitalities.
7. There should be a visit of UAU certified observer during the course to supervise and assess the type of training being imparted during or at the end of course.
8. The Centre should have reference library facility.
9. It should have master video facility for the trainee with dedicated computer.
10. It will maintain a record of all trainees and submit to the Secretariat for endorsement.
11. The Course Certificate should bear the signatures of Principal Operator, Observer and President of UAU and it shall be awarded in Annual UAU meet of the same year.
12. There shall be disclosure by the Centre if the activity is being funded by any other sources especially from the pharma industry.
13. The Centre will pay a token registration fee of Rs. 5000/- to the UAU which will be renewed on yearly basis with the renewal fee being Rs. 2500/ only.

Guidelines for the Candidates:

1. The Candidates should be full member of UAU.
2. The trainee should be either M.Ch. or DNB in Urology from recognised Institute.
3. The trainee will maintain all decorum of surgical ethics and shall not indulge in any misconduct both with the Guide as well as UAU officials both during and after the completion of course.

4. This training is being imparted with an idea that the trainee shall maintain high standard of care to patients in future and shall do initial work with a mentor so that the skill & technique do not compromise the results of patient care.
5. This training is not a degree or diploma course to practise but it shall be for skill enhancement and to undergo update and exposure to newer technology in Urology.
6. During the training the candidates have to arrange his to and fro travel, fooding and lodging but the Institute/Centre will provide all help in this process.

Please Note:

All suggestions may be sent to Dr. V. K. Mishra by 30th of June so that necessary amendments can be made and the same can be incorporated for identifying the proposed Centres.
